

**ATSCO**  
REMANUFACTURING INC.

## AVOID COSTLY COMEBACKS

### Inline Power Steering Filter #2210

You filter engine oil, transmission fluid and fuel system. Why not power steering? Most power steering failures are caused by contamination! This ATSCO filter is easy to install, has a ceramic magnet, 25 micron paper element and a by-pass valve so it will never cause a restriction.

Truly Effective: Before & After

- Protect Customer's Investments
- Prevents Costly Comebacks
- Install a power steering filter with every power steering pump, gearbox, or rack and pinion
- Increase the warranty from 12 months, 12,000 miles to **Lifetime Warranty**
